001

Certificate of Approval

The scope of this approval is applicable to:

ISO 14001:2015

Provision of nuclear fuel related contract management and transportation services, primarily on behalf of the Nuclear Decommissioning Authority, to customers located principally in the United Kingdom, continental Europe, USA and Japan. Services include: the identification of new business opportunities and sales; contract management for nuclear fuel recycling services; the transportation of radioactive materials incorporating the requirements of SSG-26 and the provision of related package approvals, engineering and safety advisory services; operation of Barrow Marine Terminal.

ISO 9001:2015

Provision of nuclear fuel related contract management and transportation services, primarily on behalf of the Nuclear Decommissioning Authority, to customers located principally in the United Kingdom, continental Europe, USA and Japan. Services include: the identification of new business opportunities and sales; contract management for nuclear fuel recycling services; the transportation of radioactive materials incorporating the requirements of SSG-26 and the provision of related package approvals, engineering and safety advisory services; operation of Barrow Marine Terminal.
